PACKAGING SPECIFICATION	5050ECP	Pagina 2 di 2
Site: Via per Vicopelago 257, Cap 55100, Lucca (LU), Italia	COILS-HOLDER WEDGE	
Description: Double-face coils-holder wedge		

GENERAL FEATURES

The 2 cm rise step guarantees that the coils will not touch the pallet deck, or in case of contact, the pressure is decreased.

The different inclines guarantee a better securing of the coils

PACKAGING

Pallet with wedges duly arranged and wrapped with film.
